

# **WMS10 Integration Workshop Syllabus**

*Ecom Software Inc.*

## Workshop Description:

The webMethods Integration workshop — provided by Ecom Software — offers comprehensive training on the webMethods tools, including: webMethods Designer, Integration Server manager, and My webMethods manager. Additionally, this workshop also covers topics like Flow Services, Publish/Subscribe IS document, Adapters, Web Services, Trading Networks, Process Model, and Deployment. Students should have a fundamental understanding of how webMethods Integration works by the end of this workshop.

## Workshop targeted students:

Ecom Software's webMethods Integration workshop is reserved for those who have purchased webMethods products from Ecom.

## Workshop Location:

[Ecom Software Inc. Taipei Office, 14th Floor, No. 181, Fuxing North Road, Songshan District, Taipei City, 105](#)

On-site or remote training are also available; please contact your Ecom sales representative if needed.

## Workshop Hours:

*Monday~Friday, 09:30 ~ 17:30* (Lecture end time may vary)
